CAPABILITY STATEMENT

Certified Professional Construction Integration Inc. (CPCII) is a project management firm specializing in Project Management, Project Controls, and Contract Management with a focus on US Government projects, including large-scale capital projects. Our team is committed to delivering top-quality services to our clients.

COST ESTIMATING

At CPCII, we understand the importance of managing projects effectively. Our cost estimating philosophy prioritizes scope, schedule, budget, while also emphasizing accuracy, quality, customer satisfaction, teamwork, and stakeholder communications. We aim to exceed expectations and deliver successful projects.

VALUE ENGINEERING ESTIMATING

CPCII provides expertise in value engineering studies by identifying cost, scheduling and constructability ideas that can have value improvements, as well as, estimating Engineering ideas that can save money and construction durations.

CONSTRUCTION RISK MANAGEMENT

CPCII will review the risk items of a project throughout the lifecycle of a project and capture risks into the risk register and develop strategies to mitigate risks. We also run Montecarlo simulations on estimates and risks to identify the correct risk tolerance the project stakeholders are willing to procedure forward with.
